REGISTER TODAY!**

This new pre-apprenticeship training program will help fill a need for additional skills in the region's workforce. Trainees will be prepared to begin a rewarding career in the construction industry and the opportunity to be certified in core competencies for the construction industry. This training will help to connect the students to employers in the region who will invest in and foster their careers.

- ◆ NDSCS partnership with the Minnesota/North Dakota Chapter of Associated Builders and Contractors (ABC)
- ◆ Training will be offered quarterly – first session beginning in March 2018
- ◆ Limited to eight students per session
- ◆ Consists of National Center for Construction Education and Research (NCCER) Core Curriculum and Occupational Safety and Health Administration (OSHA) 10-hour training provided by ABC
- ◆ 80 hours of instruction in 12 weeks, with a mix of classroom and at-home study
