

# CHAPTER AWARDS

*Nominating Outstanding Professionals in the Construction Industry*

Minnesota/  
North Dakota Chapter

**The ABC Business Development Committee is encouraging members at large to nominate a colleague or business in our association that deserves center stage.**

The ABC Chapter Awards Program will shine a light on members and companies who have shown outstanding service to the association and the construction industry.

The awards program is meaningful because members nominate members for special recognition of achievement, or for providing quality work and service. To review the basics, only ABC members may nominate and only ABC members are eligible for recognition, including key employees. It's as simple as that. The six categories of awards are based on excellence in quality construction, customer service and commitment to ABC.

Your Name/Company:

---

Name/Company you are nominating:

*(Please check a category:)*

### **Construction Company of the Year**

This award will recognize the company that has shown outstanding quality in construction and customer service.

### **Associate or Supplier of the Year**

This award will recognize the company that has shown outstanding service to ABC member contractors.

### **ABC Member of the Year**

Recognizing the individual that has shown outstanding service to ABC and the construction industry.

### **ABC Hall of Fame**

This award recognizes the individual that has shown longevity and commitment to ABC and the merit philosophy.

### **Woman Contractor of the Year**

Recognizing an individual female for demonstrating leadership and promoting a positive image for women in the construction industry. Who in your company is an outstanding leader? Nominate an outstanding woman.

### **ABC New Member of the Year**

Recognizes outstanding efforts of the company who participated the most in ABC in their first year.
