

# Pipeline OQ Training Services

## Does Your Company?

- Work on a pipeline facility or conduct operations and/or maintenance tasks while working on an interstate existing pipeline?
- Perform work as a requirement of 49 CFR Part 195 (Liquid) or 49 CFR Part 192 (Gas)?
- Conduct work that affects the operation or integrity of a pipeline facility?

If any of the following questions can be answered with a “yes”, the work must be “covered”.

## Who We Are

The Construction Education Foundation of MN (CEF of MN) is an organization that specializes in construction industry education.

The CEF is a sponsor of NCCER and offers construction educational materials for the craft, construction management and pipeline industries, including operator qualification (OQ).

## Our Services

- **Pipeline OQ Training** for NCCER requirements.
- **NCCER Instructor Certification Training** (ICTP) so that you can OQ your employees, at your pace, when you need it.
- **Timely Customer Support** for paperwork processing, training questions and supplemental material creation needs.
- **Mobile Assessment Services** so that you can test your employees at a site most convenient for your company.
- **Large and Trusted Network of Instructors** – if you need someone trained in a different state, the CEF can find an instructor to best fit your needs.

Contact the CEF to start training today!
