

# Safety Services by ABC

*How do you meet budget, ensure quality work, and make sure all of your employees go home safe every day? ABC of MN/ND's Safety Specialists have over 35 combined years of experience in the safety industry - bring their knowledge to your jobsite!*

## ABC Member-Only Services

### Customized Written Programs

ABC's Safety Specialists can come to your office and/or jobsite to discuss the specific needs of your company and help create your customized safety program and policies. ABC members big and small have utilized ABC to customize a program to fit their needs.

### Job Site Inspections

ABC's Safety Specialists will inspect your construction sites for safety hazards and violations, write a detailed report on his findings, and consult with you on how to work with your team to improve your safety performance.

### Onsite Training

Over 1,000 ABC member company employees are trained each year. ABC's safety team is available to train your employees and management staff on construction safety issues. ABC's safety training is designed for both new and experienced construction personnel alike.

### OSHA Compliance & Consultation

There are numerous regulatory rules and standards to follow – ABC's Safety Specialists can help you sort through the details and implement policies, procedures and training needed to run your company's safety program.
