The Lawyers for Employers

Large Firm expertise. Small firm service, value and efficiency.

At Peters, Revnew, Kappenman & Anderson, P.A., we understand that our clients need to stretch their legal budgets as far as possible while still achieving their business goals. Unlike some of our competitors, we ensure that our clients receive the right level of service to achieve the desired result. No more. No less. We provide the best value for the legal dollar in the Upper Midwest.

Through our membership in the Worklaw® Network our clients also have access to top notch representation throughout the USA, Canada, Europe and Asia. This network of independent management-side law firms provides our clients with the same dedication to efficiency and results that we do here.

To get Peters, Revnew, Kappenman & Anderson, P.A. and the Worklaw® Network working for you, call Tom Revnew or any of our lawyers at 952-896-1700 or visit us at prkalaw.com.

REPRESENTING EMPLOYERS IS ALL WE DO. WWW.WORKLAW.COM

About this Publication

The Minnesota/North Dakota Chapter of Associated Builders and Contractors produces a yearly directory to provide members with a valuable source of qualified contractors. We are proud to present this 2023 edition and encourage you to use this as an important tool for your construction team.

This directory lists member firms as of April 1, 2023. Classified listings for subcontractors and suppliers conform with the Construction Specification Institute (CSI) standards. This widely recognized CSI format enables users to efficiently locate specific trade areas.

The publication of this directory would not be possible without the support of our many advertisers. We sincerely appreciate their patronage and encourage you to mention you saw their ad in the ABC Membership Directory as you utilize their business services. This directory puts Minnesota/North Dakota ABC Members directly at your fingertips.

This directory is as complete and as accurate as possible. ABC MN/ND sincerely regrets any omissions or errors. We invite your comments and feedback.

Welcome to the 2023 ABC MN/ND Membership Directory

We are pleased to offer this ABC MN/ND Membership Directory as a tool for our contractors and trade partners to collaborate with one another. Our industry has a strong foundation built on relationships, and ABC offers many avenues to get to know our fellow association members. Promoting the Merit Shop way of doing business is the philosophy we strive for each day.

During 2022, many of our colleagues completed successful projects. Each year ABC showcases those that have met a high standard of workmanship, quality, safety, innovation, uniqueness, and customer satisfaction through its Excellence in Construction Awards. These projects are featured in this directory and, in many instances, showcase several ABC members working together for a successful project.

Please take a moment to enjoy the color section that showcases the 2022 Excellence in Construction winners and consider entering your company's work in 2023 for these prestigious awards.

ABC offers many valuable resources to our members. Many companies utilize the National Center for Construction Education and Research (NCCER) curriculum to strengthen their craft professionals. ABC had over 500 attendees at webinars in 2022, covering various educational topics. Safety is at the forefront for ABC members, with 64 construction firms in our chapter earning recognition for their commitment to safety through ABC's STEP Safety Management System. The partnership between MNOSHA and ABC actively promoted jobsite safety with 24 construction firms in 2022.

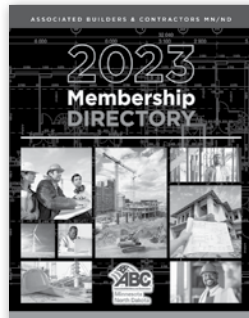

Above all, ABC is a leading voice promoting free enterprise within the construction industry. ABC political advocacy lives by the motto of "get into politics or get out of business." I encourage everyone to download the ABC Action app for your phone and stay involved for your area. Be aware of what is impacting the industry, attend the Day at the Capitol so your voice can be heard, make contributions to PAC and FEA to help support State and Federal political candidates, and support issue advocacy campaigns across Minnesota and North Dakota.

I enjoy being a part of this industry, and it is my privilege to be the 2023 Chair for the MN/ND Chapter of ABC. I look forward to serving our members, and I encourage each of you to help grow and strengthen our chapter by submitting a prospect name to our membership director.

We look forward to a busy and rewarding year for all!

Sincerely,

Jim Harmon, Stevens Construction Corp.
2023 ABC MN/ND Chairman

Vision Statement

- ★ Associated Builders and Contractors MN/ND Chapter will lead the construction industry, promoting and defending the guiding principles of the merit shop and free enterprise whereby anyone can succeed solely on merit.

Mission Statement

- ★ The Associated Builders and Contractors MN/ND Chapter will continually strive to be the leading voice promoting free enterprise within the construction industry, as well as promoting and defending the merit shop philosophy. This philosophy encourages open competition and a free-enterprise approach to construction based solely on merit, regardless of labor affiliation.

Core Purpose

- ★ The Core Purpose of Associated Builders and Contractors MN/ND Chapter is to advance and defend the principles of the merit shop in the construction industry and to provide members and their employees with an opportunity to succeed.

Value Proposition

- ★ Based on the Merit Shop Philosophy, we help members develop people, win work and deliver work safely, ethically, and profitably for the betterment of the communities in which they work.

ABC Maximizes Your Membership Investment!

ABC invites you to explore the benefits you will receive from membership participation. Members have determined that beyond serving the industry, they receive six dollars in personal and business value for every one dollar they invest!

ABC has a proven track record in serving merit shop contractors since 1976 in MN/ND. With over 46 years of experience, ABC has established itself as the leading voice promoting free enterprise within the construction industry.

There are several benefits and services available for you as a member including networking opportunities, safety resources, training and educational workshops. We are focused on breaking down legislative and regulatory barriers that impede your ability to compete in the market place.

Active members derive real money benefits from their participation. ABC looks forward to partnering with you today as a member!

ABC Membership... What's in it for your company?

Networking for Profitability

Networking keeps you competitive and profitable in the construction industry. Annually, over 1,300 people attend our structured networking events and social outings to expand their visibility and find new business opportunities. Our e-Directory is a great business development tool for contractors and construction users.

Membership Saves You Money

ABC members save on average \$3,360 per year through ABC's discount programs! Because ABC is the largest association of merit shop contractors in the country, we have buying power to create these exclusive discounts on business services and products you're already purchasing—which means your membership may pay for itself.

Education & Training

ABC and its training partner, the Construction Education Foundation, have dedicated efforts to cultivate new training alliances to meet future demands. Here's what you can expect:

- Our partners train over 1,700 people in a variety of construction crafts annually.
- ABC has the resources to train in more than 40 construction-related trades and manages state- and U.S.-approved apprenticeship programs which can help your company be more competitive on prevailing wage projects as well as provide a valuable retention tool for your skilled laborers.
- Leadership development courses for field professionals.

Working Safe & Smart

Your employees are your most valuable asset. Keep them safe through:

- ABC's Safety Management System (STEP), a tool that helps members protect their employees and experience fewer lost-time incidents.
- Our MNOSHA Partnership, which is unique in recognizing the safest construction companies in the industry and promoting a working relationship with MNOSHA.
- Partnership with safety services firm that will provide you with the latest in safety practices at a significantly discounted rate.

Real-Dollar Benefits of Membership

ABC members receive real-dollar value from their membership and a big return on investment for the membership dues they invest each year by belonging to ABC. You might benefit more or less from each item listed, but no matter what, your membership dollars will be maximized!

Helping You Win Work

Regulations and legal requirements can cost you thousands of dollars and burdensome laws can hamper your company's ability to compete, or even drive you out of business.

That's why ABC and its lobbyists in Washington, D.C., and the state capitol are working to keep these laws in check. With the vast majority of craft professionals working for merit shop companies, we have a mandate to lead. We are taking action to ensure members will have the ability to compete and win work fairly on projects.

We keep you up-to-date on what's happening so you can concentrate on running your business. And when you need us, we are there with advice on agency policies and procedures advocating for you!

IT ALL ADDS UP!

Construction Education Foundation of Minnesota (CEF)

The Construction Education Foundation (CEF of MN) is the educational training partner of ABC of MN/ND. The CEF of MN is a 501c3 non-profit organization and has numerous business partners to help construction companies with safety compliance, educational needs, and regulatory adherence.

Safety Highlights

- Partnership with safety services firm OECS brings over a century of safety experience at exclusive ABC rates
- Jobsite audits to ensure compliance
- Safety training, safety manual creation/updates, safety committee assistance
- Partnership with MNOSHA to showcase safe contractors and working conditions
- STEP certificates for qualified contractors that prove their commitment toward safety

Education & Training Highlights

- State- and Federal-approved apprenticeship programs with numerous construction trades available
- NCCER-approved sponsorship to offer training in more than 40 disciplines to construction companies
- ABC participates in a number of workforce initiatives to help you recruit and retain quality employees
- Scholarships and Cents per Hour Programs to help support a career in construction
- National network of instructors

2023 CEF Trustees

Kevin Palmer
Schwicker's Tecta America LLC

CEF Business Partners Include:

Accredited Quality Contractor Program (AQC)

The National ABC Accreditation Program is designed to recognize superior company performance. This program recognizes and honors construction firms who have documented their commitment in four key areas of corporate responsibility: safety, employee benefits, training and community relations.

The Minnesota/North Dakota ABC firms listed above meet specific criteria set forth in this prestigious program. They are our Accredited Quality Contractors, and are granted the full privileges that come with this designation.

Celebrating 100 Years of Proven, Reliable, Craftsmanship!

Grazzini®

Brothers & Company

1923 - 2023

CELEBRATING 100 YEARS

Since 1923, Grazzini Brothers & Company has evolved into an award winning nationwide contractor. Specializing in all types of tile, terrazzo, stone and floorcovering installations. From large complex projects to small simple jobs; our craftworkers take **Pride** in everything they install. Their **Dedication** is evidenced by the **Craftsmanship** they display on every project. We are **Motivated** by the opportunity to be a **Reliable** resource for all our customers and clients.

www.grazzini.com

1175 Eagan Industrial Road | St. Paul, MN 55121
651-452-2700

The future will build on our past success, providing beautiful installations for the next generations to enjoy.
