SERVICES YOU CAN USE ONLY AS AN ABC MEMBER

Customized Written Programs

An OECS Safety Associate will meet with you to discuss the specific needs and create your customized safety programs.

Jobsite Audits/Inspections

OECS's Safety Associates will inspect your construction site for safety hazards and potential violations, create a detailed report with photos of the findings and consult on how to correct the hazards.

OSHA Inspections/Citations

OECS's Safety Associates can assist in OSHA inspections, disputes and citations, as well as attend the informal meeting with the OSHA inspector.

On-Site Training/Safety Trailer

OECS's Safety Team is available to train your employees and management team on construction safety issues. Utilizing the Safety Trailer can make for a more impactful hands-on learning experience.

STEP Application

ABC's self-assessment of your safety program is exclusive to members only! Learn how to set goals by using the STEP application and enhance your safety culture. OECS Safety Associates can assist you with putting a plan together to achieve those goals.
