

It's the **FINAL WEEKS** to advertise in **MN/ND ABC's** **Electronic Membership Directory.**

Your annual **electronic membership directory** gives members a networking opportunity to directly connect with fellow member firms. Member firms are listed by company name, by contact and by CSI codes. This publication is always available on **MN/ND ABC's** website to all members, their staff & other individuals looking to your chapter as a resource of information, products & services.

DON'T MISS OUT- Contact **Lisa Elliott** at

Lisa@performancepublishing.net to **SECURE** your ad space today.

Directory Home

The **Minnesota/North Dakota Chapter of Associated Builders and Contractors** produces an annual directory that provides members with a valuable source of qualified contractors, suppliers and service providers. We are proud to present this new **2025-2026 Electronic Directory** as another value added member benefit. We encourage all members to utilize this important tool for your construction needs.

This eDirectory lists current member firms. Classified listings for subcontractors and suppliers conform with the Construction Specification Institute (CSI) standards. This widely recognized CSI format enables users to efficiently locate specific trade areas. This directory would not be possible without the support of our many advertisers. We sincerely appreciate their patronage and encourage you to mention you saw their ad while referencing this publication. This new eDirectory puts Minnesota/North Dakota ABC Members directly on your desktop. By sharing this publication with your fellow office colleagues, you greatly expand the exposure our ABC members seek to promote their businesses.

To advertise in the online directory, please contact Lisa Elliott or Cherie Collins - (800) 998-4697
